Barks and Meows Rescue

Dog Foster Contract

The foster(s) agree to be bound by the terms of this agreement:

Ownership of the dog remains with Barks and Meows Rescue. Ownership can be transferred to the foster(s) only by adoption at the discretion of the agent of Barks and Meows Rescue.

The foster(s) commits to keeping the dog for an unspecified length of time whereby an appropriate adoptive home is found by the agent. Barks and Meows Rescue will follow adoption guidelines and will not place a dog in an inappropriate home; there is no way to predict how long the process to find a permanent home will take.

The foster agrees to provide the canine or feline foster with a safe indoor home, secure environment, appropriate care, including appropriate food, training, and on leash exercise, at the foster's expense. In some circumstances, Barks and Meows will provide dog food and dietary supplements. Barks and Meows will pay for all vet care unless otherwise arranged.

Veterinary care: The foster agrees to first notify the Director of Barks and Meows for suggestions, and permission and the name of the veterinarian to which to take the dog. Exception: in life and death emergency, the foster will seek immediate veterinary care, notifying the agent as soon as possible. Needless suffering of the dog shall be avoided.

The foster shall not give away, sell, surrender to shelter or otherwise dispose of the dog. The dog shall not be euthanized unless recommended by a qualified, practicing veterinarian. The director will be contacted to assume care if the foster cannot continue, within a reasonable time frame.

The foster accepts full responsibility for any damage, property and personal injury, for which the dog may be held responsible while under the foster's care, and save harmless Barks and Meows Rescue from any and all claims.

The foster(s) may be included in the adopter selection process, such as interview, home visit, follow-up visit.

The foster agrees that Barks and Meows Rescue has the right to reclaim and take full control over the dog, if any of the above conditions are not fulfilled.
